## REPORT OF THE PRESIDENT

---

*To the Patrons and Members:*

The Constitution of The Mount Sinai Training School for Nurses provides for a Biennial Meeting, and for the presentation at that meeting of a report by the President.

This report on the work which our Institution has accomplished during the two years which have elapsed since our last previous meeting, I have the honor to submit herewith.

We are glad to be able to record an increase in the benefits bestowed upon the community by the Training School, caused by a broadening in the character and extent of its activities. No review of these activities would be complete without mention of one phase of them which affords us particular satisfaction. This phase lies in the constant and steady enlargement of our graduates' spheres of usefulness. The horizon of the trained nurse is no longer bounded by the walls of the sick-room; she wanders far afield on her mission of uplifting the humble, enlightening the ignorant and succoring the sick and suffering. The district work of our nurses now includes the instruction of the poor in the principles of sanitation and hygiene, and the administering of medical relief to them in their homes. At the opposite end of the social scale there is also a growing demand for nurses. Many of them find regular employment in caring for the children of wealthy families, the number of those so employed keeping pace with the growing appreciation of medicinal knowledge as a factor in preserving health.

Within the boundaries of our Institution itself, also, a gradual expansion has made itself felt. When we took possession of this building about five years ago, we thought we had ample accommodations for a long time to come. But the Hospital's work expanded so rapidly and so materially that an addition to the nurses' quarters was soon found to be imperative. This condition was met in 1908 by the decision of the Board of Directors to add two stories to the Training School Building. We look to the completion of this work in about two weeks, and

the nurses will then be relieved of the present inconvenient necessity of living in neighboring apartments.

We have averaged about 170 pupil nurses in our School for the past two years. Most of their practical work is done in the Hospital's Wards and in the Private Pavilion. Besides this, they are receiving obstetrical training in the Sloane Maternity and in the Lying-In Hospital; some are employed in the milk-room attached to the Hospital, others in the supply-room, and quite a number in the operating-rooms. Three hundred and fourteen of the School's 614 graduates are now engaged in active nursing.

The Alumnae Association of The Mount Sinai Training School for Nurses, composed of graduates of our School, holds monthly meetings in the Training School parlor, and thus remains in touch with its Alma Mater. In connection with this Association, a special fund has been organized among its members, known as the "Pension Fund of the Mount Sinai Alumnae Association," to which all members of the Association in good standing are eligible. The object of this fund is to provide pensions for members who have been engaged in nursing for a period of 20 years. Some of the Directors of our School, and of the Hospital, have aided the Officers of the Alumnae Association in obtaining subscriptions, and the Pension Fund today amounts to about \$35,000. Although this fund is not under the direct supervision of the Training School for Nurses, and has no direct connection with it, I make mention of it because the Mount Sinai Training School for Nurses is the first institution of its kind whose graduates have established such a pension system.

The Class of 1908, 38 in number, held their Commencement exercises on May 14, 1908, and were addressed by Rev. Dr. Wright. The succeeding Class, with 44 members, was graduated on March 17th, 1909, and addressed by Miss Spencer.

During the year 1908, 720 applications were received for admission to the Training School, of which 108 were accepted; only 59 of those admitted, however, remained. In 1909, 665 applicants handed in their papers, 102 probationers were admitted to the School, and of these 36 were dropped.

The Registry answered 2,320 calls during the year 1908, and 2,639 calls during the year 1909. Although nearly all of our graduate nurses doing private nursing are registered with our School, there are times when it is difficult to secure the services of one of them for private duty. This is only because the Mount Sinai nurse is popular all over the city; at times the demand for her is so great that it becomes necessary to supply graduates from other schools.

#### FINANCES.

Our chief item of support is our income from the Mount Sinai Hospital for the services of our pupil nurses in the Wards of the Institution. Our receipts from annual contributions has again decreased. As we lose some of our members in the course of time, either through death or resignations, ~~and therefore~~ more active interest should be taken in the securing of additional contributors. Our income from memberships in 1908 was \$9,300, and during the year 1909, \$9,180. I make an urgent appeal to our friends to aid us in the work of the Membership Committee, so that we will gain at least as many new contributors as we lose old ones.

During the year 1908 we received a donation of \$10 from Mrs. Henrietta Sternberger. In 1909, Mrs. Sternberger again favored us with a donation of \$10, in memory of April 11th. Besides this, we received a legacy of \$500 from the Estate of Sigmund Rosenwald, and were furthermore favored with a check for \$500 from a Director of our Institution, who does not desire his name recorded. I extend herewith my personal thanks and the thanks of our Board to those kind donors who have remembered our Institution so generously.

#### SPECIAL DEDICATION.

At a regular Meeting of the Board of Directors, held on November 25th, 1908, Paragraph XIII was added to our By-Laws, which paragraph reads as follows:

"An endowment for the establishment of any special fund may be accepted by a resolution of the Board of Directors. Such funds may be created either for a special purpose, in which event the income therefrom shall be devoted to said purpose only, or under the name of one or more persons, in which event the income therefrom shall be devoted to the general purposes of the Society. Such endowment funds shall be kept by the Treasurer as special accounts. Additional contributions to existing funds may be made at any time, but no fund shall be created with an initial endowment of less than \$1,000."

At the same meeting a check was received amounting to \$2,000 for the establishment of the "Kalman and Harriet F. Haas Endowment Fund."

Our colleague and friend, Mr. Albert W. Scholle, made an addition of 1 \$1,000 3½% New York Central & Hudson River Railroad Co. bond to the Lillie Stern Scholle Fund in 1908, and a further addition in 1909 of a \$1,000 4% Chicago, Rock Island & Pacific bond. This Fund now consists of the following bonds:

\$2,000 3½% N. Y. C. & H. R. R. Co.

\$1,000 4% Chicago, Rock Island & Pacific R. R. Co.

\$2,500 4% New York City.

The income from these bonds, amounting to \$135 in 1908 and \$162.50 in 1909, was used in accordance with the wishes of the donor, to provide entertainment and recreation to the pupils of our School.

I hereby acknowledge with thanks, the receipt during the past two years of:

A number of books and magazines from various friends of our School; pictures from Mr. M. Fatman; two water colors, one piano and piano stool from Mrs. Kalman Haas; vases and ornaments from Mr. A. W. Scholle; tickets for the Hippodrome for a number of our nurses from Dr. J. Brettauer, and theater tickets from Dr. A. V. Moschcowitz.

Many kind friends, and particularly some of our Directors, have provided the students of our School with opportunities for entertainment and relaxation, thus giving them pleasure and affording them new avenues of interest. I wish to make special

mention of Mr. Isaac Stern, who placed his yacht "Virginia" at the disposal of our nurses on several occasions during the past two summers.

Our thanks are also due, and herewith extended, to Mr. Thorley, who very generously furnished the floral decorations at the Graduation Exercises.

#### DEATHS.

We record with sorrow and regret the deaths during the past two years of the following annual contributors:

LOUIS ADLER,	MRS. AD. HERRMAN,
GUSTAVE BERNHEIM,	MRS. J. LIEBMAN,
A. BERNHEIMER,	MRS. N. LITTAUER,
ERNEST EHRMANN,	L. M. MAINSTER,
D. L. EINSTEIN,	S. NEUSTADT,
EMANUEL EINSTEIN,	SIGMUND ROSENWALD,
HENRY ERDMAN,	ALFRED SCHIFFER,
JAMES ERTHEILER,	MRS. JESSE SELIGMAN,
M. S. FECHHEIMER,	SAMUEL SINN,
FERD. FORSCH,	GEORGE STERN,
MAX FREUND,	LOUIS STRASBURGER,
ALBERT FRIEDLANDER,	FELIX THURNAUER,
LOUIS HEIDELBACH,	MAURICE UNTERMYER,
LOUIS A. HEINSHEIMER,	PHILIP WALTER.
EDMUND HENDRICKS,	

To the families of the deceased we beg to extend our sincere condolence and sympathy.

Mr. M. Samuel Stern, a member of our Board, presented his resignation as a Director, in November, 1908, which was accepted with sincere regret, and at a recent meeting Mr. Edward S. Steinam was elected a Director to fill the vacancy. Since the close of the year 1909, we have also received the resignation of Mr. Edward Schafer, who was Vice-President of our School until 1907 and a Director for many years, and who, on account of lack of time, did not find it possible to continue his active association with our Institution. The resignation of Mr. Schafer was accepted with deep regret.

## THE MEDICAL BOARD.

The Medical Board of the Training School remains unchanged: Dr. N. E. Brill, Chairman; Drs. A. G. Gerster and Henry Koplik. Special thanks are due these gentlemen for the great interest which they take in the administrative work of our Institution, in the preparation and supervision of the curriculum and in the health of our pupils.

Regular lectures are given to our nurses by:

Dr. Sara Welt, in Anatomy and Physiology;

Dr. E. P. Bernstein, in Materia Medica;

Dr. John G. Gerster, in Surgery, and

Dr. Leo Kessel, in General Medicine.

Miss George continues her instruction in dietetics, and Miss Anderson has been appointed to give practical instruction in the principles of private nursing.

## ADMINISTRATION.

Miss Anne D. Van Kirk continues as Superintendent of the School, to the entire satisfaction of our Directors. She is ably assisted by an Assistant Superintendent, a Night Superintendent, as well as by a staff of supervisors, all of whom are instrumental in maintaining the high standard of our School.

Mr. Gustave Abrams has again proved himself a most efficient Assistant Secretary.

Dr. S. S. Goldwater, the Superintendent of the Hospital, is ever ready to give counsel and advice, for which the thanks of our Board are herewith extended.

The support given us by the Board of Directors of the Hospital has always been a most encouraging stimulus; it is only through the most harmonious relationship between the Training School Board and that of the Hospital that our work can be carried on satisfactorily.

May our work continue to be a blessing to the community, and may we always enjoy the good will of our constituents, and of all those who come in contact with our Institution.

Respectfully submitted,

KALMAN HASS, President.

## REPORT OF THE SUPERINTENDENT

---

*To the Board of Directors of the Mount Sinai Training School  
for Nurses.*

GENTLEMEN:—

In presenting the twenty-seventh annual report of the Training School for Nurses, I beg to state that six hundred and fourteen nurses have been graduated since the establishment of the school. Of this number, the majority are engaged in private duty, though many are to be found in representative institutional positions.

This year has been marked by the establishment of new and enlarged departments of Hospital work. The re-opening of the Dispensary has given the nurses a rare opportunity along the line of assisting in the treatment of out door patients, and we have found them most enthusiastic concerning this part of their training.

The Social Welfare Department, with two social workers and a pupil nurse, has been a boon to all who came under its guidance. The nurse has had the opportunity of visiting the patients in their homes, caring for them, advising them along the lines of better methods of sanitation and, in cases of infant feeding, shown the mother how to prepare the proper nourishment for the child.

The opening of a Cystoscopy Room under the direction of a graduate nurse has lightened the duties of the ward nurses in this regard. All patients are cystoscoped in this department instead of in the wards as formerly.

A new departure has also been made in the Private Operating Room in having a graduate nurse as instrumentaire, where formerly one of the staff acted in this capacity.

We are glad to announce that the Training School has been enlarged by the addition of two floors, so that all the nurses may be housed under one roof.

RECEPTION ROOM IN NURSES' PAVILION

The Commencement exercises, Classes of 1909 and 1910, were held March 17, 1909, and March 2, 1910, respectively, in the School Building. Mrs. Anna Garlin Spencer delivered an inspiring address to the class of 1909, while the Honorable Edward Lauterbach addressed the Class of 1910 in his usual able manner. Through the courtesy and kindness of Mr. C. A. Wimpfheimer, the graduating class and the faculty were provided with handsome flowers, which added very much to the attractiveness of graduation.

The nurses have been especially fortunate in being allowed the privileges of "The Browney," a rest home in Orange, where they may go to recuperate after illness or lengthy duty.

The Lillie Stern Fund has given much pleasure to the nurses, and the various parties which Mr. Stern and Mr. Haas have made possible have been greatly appreciated. To the many other kind friends who have provided opportunities for entertainment, we would give our most hearty thanks.

We most gratefully acknowledge the theoretical lectures given to the pupil nurses by the Attending Staff, and would also place on record our appreciation of the services of Dr. Brill and those others of the Surgical Staff who have cared for the nurses when ill.

It is earnestly hoped that this School, so long established, may still continue to be a force for good in the community and a refuge in time of need to the sick and suffering.

Respectfully submitted,

A. D. VAN KIRK,  
Superintendent.

## GENERAL STATEMENT

The Mount Sinai Training School for Nurses, established in 1881, offers a course of instruction to women desiring to enter the nursing profession.

The School building is a separate structure within the grounds of the Mount Sinai Hospital, Fifth and Madison Avenues, 100th and 101st Streets, New York City. The rooms for the nurses are comfortable, well heated, lighted and ventilated, and the building is modern in all its appointments.

## EQUIPMENT

The Mount Sinai Hospital affords exceptional advantages for the education of nurses. The new buildings, having been but recently erected, embrace the most modern and improved features of hospital construction. It is one of the largest hospitals in the city and contains 490 beds for the sick. Its service is varied, having general medical, surgical and children's wards, in addition to special wards devoted to the care of patients suffering with Gynaecological, Dermatological, Neurological, Ophthalmic, Aural and Genito-Urinary diseases.

It embraces a Private Pavilion, eight Operating Rooms, and a large Dispensary, thus offering unsurpassed opportunities for thorough practical experience in all kinds of nursing. By arrangement with the Trustees of the Sloane Maternity and of the New York Lying-In Hospitals, the pupils receive a three-months' course in Obstetrics at these famous institutions. Instruction in properties and preparations of foods, with their application to the needs of the sick, is given in a diet kitchen, equipped for teaching. The opportunity of District Nursing is granted to a limited number who desire that experience.

## REQUIREMENTS FOR ADMISSION

Candidates wishing to enter the School must apply personally or by letter to the Superintendent of the Training School. Those applying should send in a letter giving a personal history, and enclosing a statement from some responsible person, testifying to good moral character, and one from a physician certifying to sound health and unimpaired faculties.

Applicants must be between twenty-one and thirty-three years of age. They must have a thorough English education, and women of superior education and cultivation will be preferred.

## TERMS OF ACCEPTANCE

Students are admitted in the Spring and Fall, in classes, for a preliminary term of three months.

If the record of the student should prove unsatisfactory during the first six months, her connection with the School may be terminated by the Superintendent of the Training School. At any subsequent time the Board of Directors may dismiss a pupil upon recommendation of the Committee on Nurses and Instruction, for misconduct, inefficiency or failure to develop qualities befitting the nursing profession.

## ALLOWANCE FOR EXPENSES

The pupils receive board, lodging and laundry from the date of entrance. After the expiration of two months, an allowance of \$8.00 per month will be given for the entire term of three years. This allowance is made to defray the expense of uniforms, text-books and stationery.

## VACATIONS

A period of three weeks is allowed each pupil at or near the end of her first and second years. These vacations are planned so far as possible to occur between the first of June and the last of September, and occasionally in December.

## SICKNESS

In sickness all pupils are cared for in the Hospital by one of the Attending Physicians appointed by the Board of Directors. Time lost through illness (in excess of one month) is required to be made up. Through the generosity of one of the Hospital Board of Directors, a room in the Hospital has been endowed for the benefit of sick nurses who are graduates of the School.

The School being non-sectarian, there are no religious services connected with it. All pupils are expected to attend the place of worship which they prefer.

## GENERAL PLAN OF INSTRUCTION

The three-years' course is divided into—

Preliminary term of three months.

Junior term of nine months.

Intermediate term of one year.

Senior term of one year.

### Preliminary Term—

*Hygiene and Sanitation.*

*Domestic Science; particularly in relation to foods.*

*Bacteriology.*

*Solutions.*

*Bandaging.*

*Elementary Nursing.*

### Junior Term—

*Anatomy and Physiology.*

*Materia Medica.*

*Urinalysis.*

### Intermediate Term—

*Nursing Ethics.*

*Massage.*

*Medical Diseases.*

*Surgical Diseases.*

*Children's Diseases.*

*Contagious Diseases.*

*Obstetrics.*

#### **Senior Term—**

*Instruction and practice is given in Operating-Room Technique.*

*Care of Private Patients.*

*District Nursing.*

*Executive Work.*

#### **The Preliminary Term—**

In this three months a large part of the time is spent in study and demonstration in the Class Room. Classes are held in which the pupil is instructed as to what are the essential qualifications of a nurse, and clinics in the practical part of nursing, so that students may become familiar with the various appliances and utensils used in caring for the sick. The time spent in the wards is under special supervision as to the manner in which the pupil follows the instruction received in demonstrations and as to her general fitness of disposition and temperament for the work of nursing.

#### **The Junior and Intermediate Terms—**

During this period the students receive instruction in practical work in the men's, women's, children's medical and surgical, in the gynaecological, in the eye and ear wards, as well as in the dispensary.

#### **The Senior Term—**

The practical work of this year consists of attendance in the Operating Rooms, Private Pavilion and the management of the various wards. Lectures and demonstrations are given throughout the course by competent instructors.

## EXAMINATIONS

Examinations are held at the close of the course of instruction in the various subjects. These examinations, which are both written and oral, include practical tests, and the standing of the student is based upon the general character of her work throughout the year, as well as upon the results of the examinations. Students must pass on all subjects before entering upon the work of the following year.

## GRADUATION

The diploma of the School will be awarded to those who have completed satisfactorily the full term of three years, and have passed successfully the final examinations. A diploma is also awarded by the Sloane Maternity Hospital or the New York Lying-In Hospital for the three months' Obstetrical Course.

## SCHOLARSHIPS

The Murry Guggenheim Scholarship Fund provides twelve scholarships of the value of \$100 each. These scholarships are awarded at the close of every school year to the six members of the Junior, three of the Intermediate, and three of the Senior classes, who have shown exceptional merit in all branches of the work. It is thus possible for one nurse to obtain the scholarships of the three successive years.

## NURSES' PLEASURE FUND

Through the generosity of one of our Trustees, the Lillie Stern Scholle Fund has been established. The interest of this fund is used to provide pleasure and entertainment for our pupil nurses.

## LIBRARY

A reference library has been given and endowed by a friend of the Training School. This contains books which supplement the class work and enable any pupil to pursue advanced study while in the School.

ROOF GARDEN ON NURSES' HOME

In addition to the above there is a library of works of standard authors. To this the nurses have access at all times. Magazines and papers supply general information and keep the nurses interested in current events.

### REGISTRY

The Training School maintains a registry for its graduate nurses. There has been from year to year a steady increase in the number of calls for Mount Sinai graduates.
